Ballet dancer Krystal S. Lowe's *Daughters of the Sea* selected as one of the first projects to be produced through our Ffolio scheme, in partnership with BBC Arts, BBC Cymru Wales and the Arts Council of Wales. (image: Sleepy Robot Photography)

# National Lottery Policy Directions

The Welsh Ministers, in exercise of the powers conferred by section 26(1) of the National Lottery etc. Act 1993, and having consulted with the Arts Council of Wales pursuant to Section 26(5) of that Act, have issued the following Directions:

1. In these Directions any reference to a section is a reference to a section of the National Lottery etc. Act 1993 as amended by the National Lottery Act 1998.
2. The Arts Council of Wales shall take into account the following matters in determining the persons to whom, the purposes for which and the conditions subject to which it distributes money under section 25(1):

## Generic

- A the need to ensure that money is distributed under section 25(1) for projects which promote the public good or charitable purposes and which are not intended primarily for public gain;
- B the need to ensure that it considers applications which relate to the complete range of activities falling within section 22(3)(b) and in respect of which it has the power to distribute money, taking into account:
  - i its assessment of the needs of the arts and arts activities and its priorities for the time being for addressing them;
  - ii the need to ensure that all regions of Wales have access to funding;
  - iii the scope for reducing economic and social deprivation at the same time as creating benefits for the arts;
- C the need to further the objectives of sustainable development;
- D the need for money distributed under section 25(1) to be distributed only to projects where they are for a specific, time-limited purpose;
- E the need:
  - i in all cases, for applicants to demonstrate the financial viability of the project for the period of the grant;
  - ii where capital funding or setting up costs are sought, for a clear business plan beyond the period of the grant, incorporating provision for associated running and maintenance costs;

- iii in other cases, for consideration to be given to likely availability of other funding to meet any continuing costs for a reasonable period after completion of the period of the Lottery award, taking into account the size and nature of the project, and for Lottery funding to be used to assist progress towards viability beyond the period of the grant wherever possible;
- F the desirability of supporting the development of long term financial and managerial viability of organisations in the arts. In taking this into account the Arts Council shall have regard to Direction D;
- G the need to require an element of partnership funding and/or contributions in kind, from other sources, commensurate with the reasonable ability of different kinds of application, or applicants in particular areas to obtain such support;
- H the desirability of working with other organisations, including other distributors, where this is an effective means of delivering elements of its strategy;
- I the need to ensure that its powers to solicit applications under section 25(2)(A) are used in connection with the pursuit of strategic objectives;
- J the need to obtain such information as it considers necessary to make decisions on each application, including independent advice when required;
- K the need to operate within the distinctive policy context in Wales, adding value where appropriate to Welsh Government strategies, to enable the development of opportunities for everyone to flourish within a more successful and sustainable Wales;
- L the need to promote access to the arts for people from all sections of society;
- M the need to promote knowledge of, and interest in, the arts by children and young people;
- N the need to encourage new talent, innovation, and excellence, and to help develop new skills;
- O the need to support volunteering and encourage volunteering in the arts;
- P the need to involve the public and local communities in making policies and setting priorities;

## Specific

- Q** the need to promote and support throughout Wales the cultural significance of the Welsh language and the bilingual nature of Wales, including giving effect to the principle of equality between the English and Welsh languages. This should include the addition of specific conditions on the Welsh language in grant offers, an effective monitoring and overseeing of the performance of grant recipients with regard to those conditions;
- R** the need to ensure coherent monitoring, evaluation and reporting systems that support quality service delivery, and to maintain accountability by providing an annual report on the Arts Council of Wales' lottery funding activity to the Welsh Government. This report should include an analysis of grants made, and the distribution of these by size, type, geographical area, and art form.

Dated: 1 October 2012
